Founded in 1984, CAREGIVERS is one of the original pilot programs for volunteer caregiving—in the nation! Close to 600 frail, homebound seniors in Ventura County are able to continue living independently thanks to the generosity of volunteers who help each week with grocery shopping, friendly visits and a ride to the doctor. **CAREGIVERS** also boasts more than 400 student volunteers who have served seniors through our Building Bridges Intergenerational Program. Today, more than 500 programs are emulating this successful community model throughout the United States.
